

Quiet Backwaters

A variety of waterways, wildlife & tranquillity

A rarely travelled journey offering many rewards.

This cruise encompasses the historic port of Goole, with its boat museum & large ships as well as the great little Selby Canal.

We pass along large waterways, the river & the canal. As ever there are superb views, plenty of wildlife & unique features.

The Selby canal is Kingfisher alley finishing at Selby lock that drops into the tidal Ouse.

Along the way we will ;

- ◆ Mix with Large ships
- ◆ Go along a gently meandering river
- ◆ See water skiers, if conditions are right
- ◆ Pass through quiet countryside
- ◆ Kingfishers aplenty (if we are lucky)
- ◆ Cruise one of the prettiest short canals in the country
- ◆ Get to the junction of the canal & the mighty Ouse river, a sight to behold.
- ◆ Have a great time!
