

The City & the Tideway

This cruise takes you through Leeds & the port of Goole. Rarely on a canal boat do you get to mix with sea going ships & to pass through such a great city.

The delightful countryside along the way , with Herons & Kingfishers, is a real surprise. The towpaths provide ample opportunity for leisurely strolls.

Along the way we will ;

- ◆ Cruise through Leeds city centre, passing the Calls & the Royal Armouries.
- ◆ Mix river stretches with stretches of navigation providing differing views of the waterway.
- ◆ Pass by the only remaining deep colliery in Yorkshire, Kellingley. A fascinating insight into the past of the canal.
- ◆ See the massive equipment where the Tom Puddings were unloaded at Ferrybridge.
- ◆ Go into Goole harbour & have the opportunity to visit the boat museum.
