

## *The City & the Tideway*

This cruise passes through Leeds & the port of Goole. Rarely on a canal boat can you mix with sea going ships & pass through such a great city. The delightful countryside, with Herons & Kingfishers, is a real surprise and there is ample opportunity for leisurely strolls or longer walks. Along the way we will ;

- ◆ Cruise through Leeds city centre.
- ◆ Pass along canal, river and navigation.
- ◆ Go past the remains of coal mines, providing a fascinating insight into the past of the canal.
- ◆ See the massive equipment where the Tom Pudding barges were lifted and unloaded.
- ◆ Go into Goole harbour & have the opportunity to visit the boat museum.
