

Three Waters

Passing along the tranquil Selby canal , the river Aire & the Aire & Calder Navigation this cruise provides a glimpse of all three types of waterway.

The picturesque wildlife filled Selby canal with its unique features contrasts with the natural meander of the River Aire & the structured Aire & Calder Navigation.

With big locks, countryside & the city of Leeds we see the waterways in all their settings.

Along the way we will :

- ◆ See lots of wildlife
- ◆ Have superb scenic views
- ◆ Have the opportunity to see water skiers, maybe
- ◆ Pass through the large river locks
- ◆ Cruise through the heart of Leeds
- ◆ Maybe visit the Royal Armouries & Thwaite's Mill museums
- ◆ Cruise the lovely Selby Canal to the junction with the mighty Ouse

3 nights £595 per person
